

NEVER OUT OF REACH

Boss XR

With Boss XR (Extended Range) at your side, even the most problematic wells become manageable. A compact and tapered design lets it maneuver quickly through tortuous wells, damaged casing, restricted internal diameters, and existing casing patches on the wellbore. Made from our proprietary composite material and lower cast-iron slip, the Boss XR has a reliable drill-out time that's less than half of equivalent plugs.

FEATURES

- + Slim design navigates tortuous wells to establish high-performance zonal isolation
- + Patented cast iron slips and proprietary composite material
- + No aluminum
- + Extreme resistance to presets
- + 10 KSI+ differential at 250°F
- + Rated up to 10K PSI

CASING SIZES

- + 3.750" OD: 5.50" 17#, 20#, and 23#
- + 3.063" OD: 4.50" 11.6#, 13.5# and 15.1#

AVAILABILITY

- + Ball Drop
- + Ball-in-Place
